

# KALYANA

In Sanskrit, Kalyana means "beautiful" or "lovely". Kalyana wines represent a belief that through careful stewardship and preservation of our land, the land will return an abundance of beautiful fruit at harvest.

With every decision we make in farming our land, tending to our vines, and picking and blending our grapes, we do so in such a way that protects our beautiful Earth and produces high-quality wines.

Crafted through Certified Sustainable Vineyards & Winemaking, Kalyana wines offer you the comfort of knowing your wine choice makes a difference in protecting Earth as you enjoy each glass.

## PINOT NOIR

### FERMENTATION

Fermented in stainless steel tanks, pumped over twice a day.

### AGING

Barrel-aged for 10 months: 20% new French oak and 80% neutral oak.

### PROFILE

This wine delivers beautiful notes of black plum and baking spices, with a long, smooth finish.

### PAIRINGS

Pair with mild cheeses, braised duck or wild mushroom risotto.
